

Business Administration (MBA) - Master

This program is designed to provide Bachelor students with an opportunity to continue on to the Masters level and students with work experience an opportunity to enhance their careers with higher-level education in Business Administration. Course material allows students to focus on one of six concentrations: General Management, Finance, Marketing, Health Services Administration, Public Management & Leadership, and Accounting. Each course also reinforces the student's knowledge and skills in the two non-functional areas important to employers: Communications and Problem identification, analysis, and solving.
