Re: CCNE Calls for Third-Party Comments

Florida National University is seeking re-accreditation for the Bachelor of Science in Nursing by the Commission on Collegiate Nursing Accreditation (CCNE).

The CCNE site visitors will be on campus September 11 to 13, 2019. In the interest of continuous quality improvement and as required by CCNE, we would appreciate the written input of all interested parties.

In accordance with the standards and guidelines of the CCNE, programs seeking accreditation are required to evaluate their program according to several core standards. One of the requirements for accreditation specifies that the program notify their community constituents of the opportunity to submit “written third-party comments” to the CCNE. **These written and signed third-party comments will be accepted by CCNE up to 21 days (August 21, 2019) prior to the scheduled visit.**

CCNE will only accept signed comments. CCNE shares third-party comments with members of the evaluation team prior to the visit, but at no time during the review process are these

comments shared with the program. During its review, the evaluation team will consider all third-party comments that relate to the accreditation standards.

If you wish to provide such comments, please send them directly to:

**Commission on Collegiate Nursing Education**

**Attn: Third-Party Comments**

**Washington, DC 20001**

Thank you in advance for your cooperation.
