Disclosure regarding CARES Act Emergency Financial Aid Grants to Students

Dated: October 10, 2020

The federal stimulus legislation known as the *Coronavirus Aid, Relief, and Economic Security Act* (“CARES Act”), Pub. L. No. 116-136, signed into law by the President on March 27, 2020, included relief to institutions and students for costs associated with the COVID-19 (coronavirus) pandemic. Under Section 18004(a)(1) of the CARES Act, the U.S. Department of Education (“Department”) has allocated funds to Florida National University (OPEID 025476), at least fifty percent (50%) of which must be used to provide emergency financial aid grants to students for expenses related to the disruption of campus operations due to the coronavirus (including eligible expenses under a student’s cost of attendance such as food, housing, course materials, technology, health care, and child care) (“Emergency Grants”). See CARES Act § 18004(c).

In accordance with the Department’s August 31, 2020, Federal Register Notice, the University provides the following information. This disclosure was initially posted 30 days following the University’s receipt of its allocation under Section 18004(a)(1) of the CARES Act reserved for Emergency Grants, and will be updated no later than 10 days after the end of each calendar quarter (September 30, and December 31, March 31, June 30) thereafter, unless the Department specifies an alternative method of reporting.

1. The University acknowledges that it signed and returned to the Department the Certification and Agreement and assures that it has used, or intends to use, no less than 50 percent of the funds received under Section 18004(a)(1) of the CARES Act to provide Emergency Grants to students.
2. The total amount of funds that the University will receive or has received from the Department pursuant to its Certification and Agreement [for] Emergency Financial Aid Grants to Students is: \$2,942,299.
3. The total amount of Emergency Grants distributed to students under Section 18004(a)(1) of the CARES Act as of the date of this disclosure is: \$2,939,099. This amount is based on two rounds of grant issuances conducted by the University, as described below.
4. The estimated total number of students at the University eligible to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965 and thus eligible to receive Emergency Grants under Section 18004(a)(1) of the CARES Act is: Currently 2,521. This is based on the number of students for whom the University has received a valid Institutional Student Information Record (ISIR) plus the number of students who completed an alternative certification form developed by the University for this purpose, excluding students enrolled in an exclusively online program as of March 13, 2020 and newer students enrolled in a program that is always offered fully online (i.e., Distance Learning Division programs), as these students are not eligible for Emergency Grants.
5. The total number of students who have received an Emergency Grant under Section 18004(a)(1) of the CARES Act is: 1,822 under the University’s first round of grants and 1,616 under the University’s second round of grants. An unduplicated total of 2,132 students have received at least one grant.

6. The method(s) used by the University to determine which students receive Emergency Grants and how much they would receive under Section 18004(a)(1) of the CARES Act:
 1. *Determination of Eligible Recipients:* To be considered for an Emergency Grant, a student must meet the Title IV Eligibility, Enrollment Status, and Attestation criteria established by the University:
 - a. *Title IV Eligibility:* In accordance with Department guidance, a student must establish their eligibility to participate in programs under Section 484 in Title IV of the Higher Education Act of 1965 in order to receive an Emergency Grant.
 - b. *Enrollment Status:* Emergency Grants are available only to students who meet the following enrollment requirements: (1) Was actively enrolled at the University (2) in a Title IV-eligible program (3) with a residential component, and (4) remained enrolled at the time grant funds are disbursed. For the first-round grants, this included any students enrolled as of March 13, 2020 and listed as “active” in FNU’s records, including students on an approved leave that began in Term B of Spring 2020, and those who will return to school in the Fall semester. For the second-round grants, students not actively in attendance during Summer 2020, including students who took a leave of absence, are not eligible. Students who graduated, withdrew or otherwise are no longer enrolled at the time funds are disbursed will not receive an Emergency Grant. The University seeks to prioritize those students that it believes have the greatest need, as suggested by the Secretary of Education. For the first-round grants, the University concluded that those students with the greatest need resulting from disruptions of campus operations due to COVID-19 are most likely to be those students who were enrolled upon declaration of the COVID-19 pandemic (March 13, 2020), and who remained enrolled while disruptions of campus operations due to COVID-19 remain in effect. For the subsequent second-round grants, the University concluded that those students with the greatest need resulting from disruptions of campus operations due to COVID-19 during the Summer 2020 term are most likely to be those students who enrolled in a program that would be offered residentially in normal (i.e., non-COVID-19) circumstances, and who therefore had to pay for internet connectivity (including enhanced internet connectivity) that otherwise would not be required for the program.¹
 - c. *Attestation:* To be eligible for an Emergency Grant, a student must submit, by the deadline established by the University, an attestation that they have incurred, or expect to incur, expenses related to the disruption of campus operations due to the coronavirus (including eligible expenses under a student’s cost of attendance such as food, housing, course materials, technology, health

¹ Under ED’s interpretation, the CARES Act permits institutions to “distribut[e] the funds to all students.” The University carefully considered ED’s recommendation to prioritize those students with the most need and has determined that the Enrollment Status requirements described above present the best method available to identify such students. The University has considered other objective and uniform sources of available data (e.g., Expected Family Contribution), and concluded that no such data has a sufficient nexus to needs and expenses related to disruptions of campus operations due to COVID-19. The University’s approach appropriately balances the need to identify students with expenses related to disruptions of campus operations due to COVID-19, with the objective of issuing the Emergency Grants in a prompt and equitable manner.

care, and child care). Students will be instructed not to submit the attestation form unless they have incurred, or expect to incur, such expenses. Students will also be instructed to return Emergency Grant funds that exceed their relevant expenses.

- d. *Determination of Grant Amounts:* For the first-round grants, the University awarded a grant in the amount of \$1,258.47 to each eligible recipient who submitted an attestation. This amount was determined by dividing the funding allocation established for Emergency Grants by the number of students potentially eligible for a grant. Remaining funds are being used for the second-round grants, which are being awarded in the amount \$400, to each eligible recipient who submits an attestation, to pay for high-speed internet access required to participate in online programs and other eligible costs.²
7. Instructions, directions, or guidance provided by the University to students concerning the Emergency Grants are included as Appendix A through Appendix H. These materials are current as of the date of this disclosure and are subject to change. Subsequent issuances of Emergency Grants, if any, may be in different amounts and subject to different eligibility criteria.

The CARES Act and FNU's Certification and Agreement to the Department contain additional reporting requirements, and the Department has announced that it will provide instructions for completing this reporting in the future. The University is awaiting such further instructions before reporting information directly to the Department.

Questions regarding this disclosure should be directed to Omar Sanchez, Vice President and Director of Financial Aid, at omarsnc@fnu.edu.

² Based on a review of internet costs, the University determined that \$100/per month would be appropriate for a reasonable level of high-speed internet which would enable students to participate in their programs online and successfully navigate FNU's distance learning platforms. Because a semester includes four months, the total Emergency Connectivity Grant amount is \$400, subject to reduction based on the availability of funds.

AVAILABILITY OF EMERGENCY GRANTS TO STUDENTS – ACTION REQUIRED

Dear [Student name] (Student ID [number]),

The federal stimulus legislation known as the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) signed into law by the President on March 27, 2020, allocates funding to institutions to provide emergency grants to students for expenses related to the disruption of campus operations due to the coronavirus (Emergency Grants). Florida National University has been allocated funds by the U.S. Department of Education to issue Emergency Grants to students.

The University has determined that you may be eligible for an Emergency Grant. Emergency Grants are available to students who have incurred, or expect to incur, expenses related to the disruption of campus operations due to COVID-19. This includes any eligible expenses under your cost of attendance—such as food, housing, course materials, technology, health care, and child care—that you incurred, or expect to incur, due to the University’s transition to online learning, or for another reason related to the disruption of campus operations.

Emergency Grants do not have to be repaid.

TO BE CONSIDERED FOR AN EMERGENCY GRANT, YOU MUST COMPLETE THE FOLLOWING REQUIREMENTS BY THE STATED DEADLINES:

1. Attestation Form. If you incurred, or expect to incur in the future, expenses related to the disruption of campus operations due to COVID-19 (see above examples), please complete the Emergency Grant Attestation Form, which is available at the following link:

<https://na3.docusign.net/Member/PowerFormSigning.aspx?PowerFormId=ba7afb66-8a35-4041-bb60-6b8f20fe8f9d&env=na3-eu1&acct=4b557644-950d-4ee3-b00a-9870e7fe2252>

The University must receive completed Attestation Forms by June 7, 2020.³ You are not eligible to complete the form if you have not incurred, and do not expect to incur, such expenses.

2. FAFSA. To be eligible for a grant, you must be eligible to receive Title IV funds and have a valid *Free Application for Federal Student Aid* (FAFSA) on file with the University.
 - a. If you did not complete a FAFSA for the current academic year, you may do so now in order to be considered for an Emergency Grant. You may complete a FAFSA online at <https://fafsa.ed.gov/>. Be sure to complete a FAFSA for the 2019-2020 award year. **The University must receive your FAFSA information by June 7, 2020. If you have not already filed a FAFSA, you are strongly encouraged to complete a FAFSA online, at**

³ [Note: After sending this notification, the University extended each June 7, 2020 deadline to June 14, 2020.]

least two weeks before this deadline. A FAFSA submitted late, or on paper, may not be received and processed by the University by the June 7 deadline.

- b. If you already filed a FAFSA and are receiving Title IV aid (e.g., Pell Grants; Direct Loans) for the current semester, you have already met this requirement.

Additional information about which students are eligible for Emergency Grants, and the University's process for awarding and disbursing the grants, will be posted to the University's website.

Please note that the Department of Education is informing institutions about the requirements for these grants on a rolling basis. Completing the Attestation Form or submitting a FAFSA does not guarantee that you will receive an Emergency Grant, or any particular amount of funds. INTERNET CONNECTIVITY GRANTS FOR SUMMER 2020 – ACTION REQUIRED

Dear [Student name] (Student ID [number]),

This money can be used to reimburse yourself for any internet connection—both home and mobile internet—that you relied on to participate in Summer 2020 coursework, or for other eligible costs.** These grants do not have to be repaid.

TO BE CONSIDERED FOR AN EMERGENCY CONNECTIVITY GRANT, YOU MUST SUBMIT AN ATTESTATION FORM BY AUGUST 31, 2020, which is available at:
